A Quick Guide to be a Candidate

We have a number of people ask what they need to do to become a candidate. This summary is meant to serve as a brief guide for potential candidates.

To be placed on the ballot for local offices, you are required pick up a petition at the Wilson County Election Commission office located at 203 E. Main Street, Lebanon, TN 37087 or for state offices, from the State Division of Elections located at 312 Rosa L Parks Ave, 7th Floor, Nashville, TN 37243. You must get 25 registered voters from the jurisdiction you are running in to sign the petition. The commission can only count registered voters who list the address we have on file. The petitions must be returned to the Election Commission office or the State office by the qualifying deadline. The candidate does not have to return it personally. It is acceptable to mail it or have someone else drop it off. The Election Commission does need the original petition so faxes or emails will not be accepted.

The first day to pick up petitions for the 2022 County Primary Election to be held on May 3, 2022 is December 20, 2021. The Qualifying Deadline is February 17, 2022 at NOON. These dates also apply to Independents & any other political party nominee by a caucus for the County General to be held in August. The first day to pick up petitions for the 2022 Federal/State Primary is February 7, 2022. The qualifying deadline is NOON, April 7, 2022. The election date is August 4, 2022. These dates also apply to any independent candidates for the August County General election. Petitions can be picked up on June 20, 2022 for the Federal/State & Municipal elections on November 8, 2022. The Qualifying Deadline is August 18, 2022 at NOON.

Before a candidate raises or spends any money, the candidate needs to file an "Appointment of Political Treasurer" with the Election Commission. This form is available on our website, WilsonElections.com, or at <https://www.tn.gov/content/dam/tn/tref/documents/2021%20CandidateAppt.ofTreasurer.pdf> You can print it out online and bring it to us. We must have the original, so a fax or email will not work. You may file the Appointment of Political Treasurer at any time, but it must be filed before you raise or spend any money. The Registry of Election Finance has said that "incidental" expenses while you are thinking about running do not count.

You must file an Appointment of Treasurer for each election cycle. If you are running for re-election, or if you ran last time, a new Appointment of Treasurer needs to be filed. You can transfer the balance but you have to file a new form for each election.

Since petitions are not available, potential candidates may wonder how they can declare or announce they are running. That is a political strategy matter and each candidate must make that decision. The Wilson County Election Commission has posted and will continue to update a list of all persons who have filed an Appointment of Political Treasurer for the 2022 elections.

Keeping the Voter Registration Information Updated:

Once a person is registered to vote in Wilson County and has received the voter registration card, there is no requirement to “renew” their registration. However, they do need to update their registration to keep their status as an Active Voter in Wilson County.

A person should always inform the Election Commission in writing if:

- Their name changes due to marriage or divorce
- They move within Wilson County
- They receive any correspondence from the Election Commission where we need a response from them.

If they have moved to another county or another state they will be required to register to vote in that county or state.

Please contact the Wilson County Election Commission with any questions or for more information about registering to vote. Address & name changes can be made up until the fifth day before each election.

What will a person need to bring with them to vote?

Everyone should have received a **GREEN** voter registration card in the mail in 2015. It is important that they check this card for accuracy. The **GREEN** card has their name and residential address on it. The card will also have the County Commission District, County School Board Zone, Constable Zone, State House of Representatives District, State Senate District and U.S. Congressional District. If a person lives in any of the three cities, the Ward or District number will also be on the card.

PLEASE CONTACT THE ELECTION COMMISSION OFFICE IF THERE ARE ANY CONCERNS ABOUT THE ACCURACY OF THE VOTING INFORMATION ON THE CARD.

A person is not required to have their voter registration card with them to vote during Early Voting or on Election Day. They will need a valid Photo ID issued by the State of Tennessee or the U.S. Government.

A PHOTO ID IS REQUIRED TO VOTE

The state's Voter ID law requires poll workers to ask for a PHOTO ID when voting. Voter ID strengthens the public's faith in the integrity of our elections by enabling poll workers to match a voter's name to their face.

What IDs are acceptable?

Any of the following IDs may be used, even if expired:

- Tennessee driver license with your photo
- United States Passport
- Photo ID issued by the TN Department of Safety and Homeland Security
- Photo ID issued by the federal or Tennessee state government
- United States Military photo ID
- Tennessee handgun carry permit with your photo

What IDs are not acceptable?

College student IDs and photo IDs not issued by the Federal or Tennessee State government are NOT acceptable. This includes county or city issued photo IDs, such as library cards, and photo IDs issued by other states.

Who is exempt?

- Voters who vote absentee by mail
- Voters who are residents of a licensed nursing home or assisted living center and who vote at the facility
- Voters who are hospitalized
- Voters with a religious objection to being photographed
- Voters who are indigent and unable to obtain a photo ID without paying a fee

What if a person registered by mail and is voting for the first time?

Federal law requires first time voters who register by mail to present one of the following:

- A current TN or Federally issued Photo ID with voter's name and photo **OR**
- If the photo identification is expired, the voter must also present one of the following: a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the voter's name and address.

Don't have an acceptable photo ID?

Contact the Wilson County Election Commission for questions concerning acceptable forms of Photo ID. We will assist voters with any questions about the photo ID requirements or any other voting related question.

Protecting your vote

No eligible voter will be turned away at the polls. Voters who do not bring a Photo ID to the polls can vote using a provisional ballot, which will be counted if the voter returns to the Wilson County Election Commission within two (2) business days after the Election Day with a valid Photo ID.

Examples and a list of acceptable IDs can be found at www.WilsonElections.com

What if a person has moved since last voting or registering to vote?

The [voter registration application](#) also serves as a name and/or address change request. The voter should complete and sign the form. When updating their address within the county, the form may be mailed, faxed, or emailed with an attached document which includes a scanned signature or submitted in person to our office. When updating one's name, the form must be mailed or taken to our office. The form must be signed and received no later than five (5) days before the election to process the change.

Pursuant to TCA § 2-2-107, a person shall be registered as a voter of the precinct in which the person is a resident. This is important because a person can only vote on candidates that they are eligible to vote for based on their residence.

A person may change their address when they vote on Election Day. However, taking care of the change before coming to vote will save them time, paperwork and possibly having to drive to another polling place to vote.

When a person applies to vote, they affirm, under penalty of perjury, that the information they have provided on the application is correct. Providing false information on their voter application is a felony. (TCA § 2-19-107)

Redistricting in 2015

Why did we have redistricting?

Redistricting has taken place in Wilson County due to the passage of the question on the August 2014 ballot to increase the number of Wilson County School Board members from five to seven. The new school board districts were adopted by the County Commission in January 2015. The two additional School Board members were elected in August of 2016.

What is Redistricting?

Redistricting is the redrawing of County Commission, State Senate, State House, US Congress, Constable, School Board and City Ward or District lines to ensure that every citizen is equally represented. Each district now has an approximately equal number of residents according to the 2010 census. Geographically, some districts are larger or smaller than they have been for the past ten years. The population of each district, no matter its geographical size, is approximately equal in population.

How many people are in a District?

There are approximately 4560 individuals in each County Commission District and 16,284 in each new school board district.

Who determines where the new district lines will be?

The decision makers are the elected officials who have the statutory authority to designate the district lines on census block boundaries.

Be Prepared for the 2022 Elections

The 2022 elections will be busy. By having the proper photo ID and being educated on the candidates before coming to vote individuals will be prepared and able to vote quicker allowing for shorter wait times at the polls.

The Election Commission prepares year-round to make the voting experience the most efficient and enjoyable possible.

ANY LINE, ANY TIME

Voters no longer have to go to a specific alphabetical line to receive an application to vote—individuals will be able to go to any Registrar's line.

By utilizing technology, election officials will be able to serve the voters of Wilson County more efficiently and timely than ever before.

USING THE VOTING MACHINES

Make your voting experience the best it can be in 2022. Prepare yourself and others for the election by becoming familiar with what offices are being elected and who the candidates are before coming to the polls.

If a voter has questions about the ballot received, this is the time to ask them. The poll official is available to answer any questions on operating the voting machine but cannot give opinions about who to vote for.

Provisional Voting Information

If you are not on the signature list or do not have an acceptable form of identification, you will be allowed to cast a provisional ballot. The Provisional Counting Board will meet and based on the information provided and eligibility, your ballot may or may not be counted. You will be notified, in writing, whether your ballot was counted.

PARTY PRIMARY vs. GENERAL ELECTION

The County Primary will be held on May 3, 2022. This election will be a Republican and Democratic County Primary Election to choose their nominee for the General election in August.

The November 8, 2022 election will be a Federal & State General Election and municipal elections for Lebanon, Mt. Juliet and Watertown cities.

A **Primary Election** is a nominating election.

Voters that vote in a Primary Election consider themselves Republicans or Democrats- there are no Primary Elections for Independents. In order to vote in the primary, for either party, you will be required to choose which party primary you wish to vote in on your voter application.

Voters may choose to vote in the Wilson County General Election only.

Tennessee has two recognized parties – the Republican Party and the Democratic Party. Tennessee holds “Open Primaries”. You are not registered as a member of any party and may vote as your current party allegiance allows.

“A registered voter is entitled to vote in a primary election for offices for which the voter is qualified to vote at the polling place where the voter is registered if:

- 1. The voter is a bona fide member of and affiliated with the political party in whose primary the voter seeks to vote; or*
- 2. At the time the voter seeks to vote, the voter declares allegiance to the political party in whose primary the voter seeks to vote and states that the voter intends to affiliate with that party.” TCA §2-7-115 (b)*

Winning the party’s nomination in a Primary Election is the first step in the election process. It narrows the field in a political party to one individual for a specific office. The winner of the party primary in August will be on the general election ballot in November representing their party.

You do not have to vote in the Federal & State primary. You may choose to vote only in the Wilson County General Election.

A **General Election** is the election in which all voters make the **final choice** from among the party nominees and the independent candidates for a specific office.

In August, the winners in Wilson County offices on the general ballot will take office on September 1, 2022. The winners of the primaries on the August ballot will appear on the general ballot in November and the winners will take office January 1, 2023.

Municipal offices and school board members are never partisan races by state law.

OTHER IMPORTANT INFORMATION

PURCHASING VOTER LISTS:

- You may purchase a list of registered voters for Wilson County from the Election Commission Office. T.C.A. 2-2-138 requires the voter information to be used for political purposes only. We provide this list on a computer printout, CD-R or USB. An order form is included in your candidate packet. The voter information provided is voter data only. It does not contain any software to print lists. You must have computer software of your own to use the information and you must understand how to import data into your program. The data provided will be in excel format. The voter registration records are updated daily. You should place your order prior to the time you will need it since we cannot guarantee a turnaround time for your order due to the changing workload. We will call you as soon as it is ready to be picked up.

CAMPAIGN BOUNDARY:

- Candidates are not allowed to be present within the 100' campaign free zone at any polling place, except to vote. This includes all Early Voting locations and the Election Commission Office during early voting. If you have official business to conduct (i.e., turning in financial reports, picking up information, etc.) contact the Election Commission. Also, candidates are not allowed to assist a voter while voting. T.C.A. 2-1-112, 2-7-103, 2-7-116. It is recommended that you call ahead during Early Voting if you need to come to the Election Commission Office on official business.
- Signs, vehicles, or any other campaign material are also prohibited within the 100' boundary.
- The properties directly behind and to the east of our building belong to First Baptist Church. They have asked us to inform you that they do not want vehicles with campaign signs parked on their property or any campaigning on their property. This leaves only the public sidewalk in front of their property or the sidewalk directly across the street from the Election Commission for campaigning. The property across from our office, except for the sidewalk, is private property. We suggest you check with the owner before parking or placing signs on this property.
- The 100' boundary falls in the middle of the entrance to the Church parking lot. Please use common sense and do not stand in the middle of the driveway so that vehicles trying to enter must stop in the street. This means you need to be east of the entrance. The maple tree and the grassy area around it are church property so do not plan on standing under the tree or placing signs on this property.
- Please instruct your campaign workers that the polling place facilities, such as telephones, restrooms, etc. are not available for their use or the candidate's use during Early Voting and on Election Day. Campaign workers have no reason to be inside the polling place, even if it is raining, and should be outside the 100' boundary unless they are actually assisting a voter while voting. If they are assisting a voter, they should not be wearing campaign shirts, hats, buttons, etc. inside the boundary.

ASSISTANCE:

- Blind, illiterate and disable voters may have anyone of their choice to assist them in voting except a candidate or poll watcher. (TCA § 2-7-116) Voters needing assistance **must request** such assistance. Proper paperwork must be completed if assistance is given. If no one is with the voter who needs assistance, two poll workers, one of each party, will assist.

PROVISIONAL VOTING:

- Provisional Voting is a process required by Federal Law where a voter appears at their polling place and their name does not appear on the signature list but claims to have registered at a National Voter Registration Agency. The voter will be allowed to cast a provisional ballot (paper ballot), but the ballot will not be counted until eligibility can be determined. This verification process will be made through the State Department of Safety, Health, Human Service, etc. This process will take several days. Once verification can be made, the verified provisional ballots are counted and results released.
- Provisional Voting will also apply to those not providing an acceptable Photo ID. A voter will be allowed to vote provisionally and will have up to two (2) business days following the election to return with an acceptable form of Photo ID. Photo ID's must be brought to the Election Commission Office. If a voter fails to provide an acceptable Photo ID, their provisional ballot will be rejected.

ELECTION NIGHT PROCEDURES:

- Results will be tallied at the Wilson County Election Commission Office. You or a representative are welcome to come to the Election Office on election night to watch the returns come in first-hand. We are not responsible for the accuracy of any media coverage. Early Voting and Absentee will be reported after the close of polls and as soon as they are available. All Vote Centers will be reported as they arrive at the office. **Election night results are unofficial.** The election will be certified and the results made official no later than the third Monday after the election at an Election Commission meeting.
